PRESENTING PROJECTOR ENCLOSURES

Indoor Hush Boxes

When you put a projector indoors, silence is golden. Our indoor hush boxes will not only strongly dampen the sound produced by your projector but will also protect, filter, and keep it cool with an ultra-quiet air system.

Our System is Turnkey

- Easy for you to use and manage - just plug it in!
- Knowledgeable support for all US time zones
- Installation services available upon request
- Change filters as needed to keep your projector clean
- Shipping Globally since 2006

Move Ahead of your Competitors

- Protect your projector 24/7 365 with a projector enclosure
- Put a Projector where you shouldn't!
